News Brief

[www.data-collection.com](http://www.data-collection.com)

**HAVE YOU SEEN THE NEW 7526-110?**

You can if you look in the **May 2003** issue of  
**FRONTLINE SOLUTIONS**

**“TECH ON DISPLAY”** Section on page 38

These **brand new** Data Collection Terminals were first announced in Feb. 2003. The initial customer installs have been very **successful!!** The full size 2x40 LCD Display allows for clear operator instructions, and the efficiently designed keypad helps to reduce keying errors. This rugged unit is “bundled” with an Ethernet adapter, 2 serial ports, a printer port, 2 barcode/magnetic ports, and 8 configurable DI/DO. This combination is aggressively priced at **\$1,395.00**.

## **What Scanners are you using?**

We also have the ability to repair/refurbish/provide you with laser scanners that “plug-and-play” with the 7525/7526/7527 Data Collection Terminals. Allow us to quote you a price on your current model scanners. Click here: [mailto:Sales@data-collection.com?subject=Quote for Scanner](mailto:Sales@data-collection.com?subject=Quote%20for%20Scanner) to tell us the model you are using.

Note: We still have some used plug-and-play laser scanners in stock with 30 day warranty for the fabulous price of \$95.00. Hurry, because they won't last long.

Remember: We offer ***Repair Service*** and ***Maintenance Agreements*** for all three families of IBM DCTs - the ELF(7494/7525), 7526 and 7527.

*Thanks for your business!*

Ron, Jack, Tottie & Mike
